SUMMARY:

Full-Stack **MERN Developer** with *years of experience* building scalable web applications and **AI-integrated** platforms. Skilled in **React, Node.js, Express, and MongoDB**, with experience designing **REST APIs, real-time systems, and data-driven applications**.

PROJECT WORK:

- Built a **School Management System** (*Final Year Project*)
- **SkillBridge**: Built *SkillBridge*, an **AI-powered freelance marketplace** that *matches freelancers to projects* using semantic skill analysis with real-time chat and Stripe payments on the MERN stack.
- **DevScope**: Developed *DevScope*, an **AI-driven GitHub repository analysis tool** that generates architecture insights, dependency visualizations, and contextual documentation using **MERN and LLM-based code** analysis.
- **OpsFlow**: Created *OpsFlow*, a **visual workflow automation platform** with drag-and-drop workflow builder and event-driven execution engine supporting webhooks, scheduling, and asynchronous job processing.
- **TraceAI**: Built *TraceAI*, an **AI-enhanced bug tracking system** that performs semantic duplicate detection, severity prediction, and root-cause suggestions *using LLM analysis within a MERN architecture*.
- **BackendLedger**: Engineered *BackendLedger*, a **backend banking API** supporting deposit, debit, credit, and transfer operations with transactional integrity using **Node.js, Express, and MongoDB**.
- **HireSense AI**: Developed *HireSense AI*, an **AI-powered platform** that *analyzes resumes against job descriptions* to *generate match scores*, interview questions, skill-gap insights, and **ATS-optimized resumes**.

SOFT SKILLS:

Strong problem-solver with a results-driven mindset, effective communication, and collaborative teamwork skills. Adaptable and organized with the ability to manage complex tasks and deliver reliable solutions in fast-paced environments.

TECHNICAL SKILLS:

Languages: JavaScript (ES6+), CSS3, HTML5

Frontend: Next.js, React.js, Redux Toolkit, Zustand, Tailwind CSS, Material UI, GSAP

Backend: Nest.js, Node.js, Express.js, RESTful API Design, JWT Authentication, OAuth, Socket.io

Databases: MongoDB, Mongoose

AI & Integrations: LLM API Integration, AI-driven application features, Axios

Cloud & DevOps: AWS (EC2, S3, Lambda), Git, GitHub, Vite, Babel, Vercel

EDUCATION:

University of Agriculture Peshawar
BS Computer Science

Sep 2020 – Oct 2024
CGPA: 2.99/4.00

DIPLOMA & CERTIFICATE:

- Diploma in Information Technology (2020)
- AWS Social Solution Architect (2024)
